The College admits students of any age, race, color, and national or ethnic origin. Such students are admitted to all the rights, privileges, programs, and activities generally available to students at this college. Article VIII of our Articles of Incorporation also states this nondiscriminatory policy.

The College believes that its allegiance to the doctrinal and ethical standards of the Bible would be compromised by admitting students whose sexual orientation is directed toward members of their own gender. The College therefore reserves the right to refuse admission to anyone embracing the homosexual lifestyle. Application for admission from someone with such orientation may be considered following an interview with the Dean of Students, repentance before God, and a stated willingness to forsake the homosexual lifestyle.

The College reserves the right to make changes in calendar, programs, courses, degree requirements, tuition, fees, refunds, and other matters without further notice.
Welcome from the President

Since Boise Bible College was founded in 1945, its purpose has been to train young men and women to be servant leaders in the church around the world. BBC graduates have literally served around the world and continue to lead people to a deeper understanding of God’s will for their lives.

We do our best to help students understand God’s will and Word and apply them to their own lives. Only then can they really share the Word with others. We want our students to be practitioners of the Word, not just able to recite it.

Boise Bible College prepares people to live a life that is godly no matter what their vocation might be. Many of our students prepare for full-time ministry in churches, while others use their education here as the base for future studies. They are better teachers, elders, deacons, and leaders while earning their living outside of the church ministry.

We do expect our students to develop a strong faith and relationship with God. There are many opportunities for students who graduate to enter into church-related ministry. Our students are prepared for graduate work in seminary as well as university studies.

May God bless you as you decide on what He wants you to do with your life. My purpose, as president of BBC, is to be available to help you in any way possible to achieve God’s goal in your life.

Come and visit!

Terry E. Stine
President

A Bible College
The traditional goal of a college education was to provide a basic understanding of our complex world and the tools with which to respond creatively to life’s challenges. This involved teaching students to read, write, think, speak, and do research through studies in literature, language, history, the sciences, philosophy, and theology. Yes, theology used to be an integral part of a college education. In fact, many of our older universities originally taught from a Christian perspective. This is obviously no longer the case.

The original style of college education is still available today in institutions generally known as Bible colleges. These schools use the same framework of learning used by our early American colleges, and they are devoted to preparing Christian leaders for the church and the world.

Doctrinal Position
Boise Bible College makes no apology for its conservative theological position. The faculty, staff, and administration believe that what we read in God’s Word is precisely what God meant to say, and that we are all called to holy living and submission to Him and His Word.

Boise Bible College upholds the standards of the church as revealed in the New Testament Scriptures; contends for the full inspiration of the Scriptures and the deity of Christ (His virgin birth, miraculous life, bodily resurrection from the grave, ascension into heaven, and personal return); teaches the plan of salvation most fully recorded and illustrated in the Book of Acts; contends for the restoration of the biblical church in such things as life, teaching, name, organization and purpose, and stresses the church’s mission of world evangelism.

You are welcome to study at Boise Bible College regardless of your church affiliation if you name Jesus as your Lord and Savior and are seeking to govern your life by His Word.

Denominational Affiliation
Our College is not a part of any denominational system, but it is associated with and supported by independent congregations which are generally called Christian Churches or Churches of Christ. These churches call all Christians to unite behind the practices and teachings of the church described in the New Testament as a means of more effectively evangelizing the world.

History
BBC was founded in 1945 by an evangelist, Orin Hardenbrook, in response to the need of the Idaho/Eastern Oregon area for a Christian institution of higher education. For her first twenty-nine years, the College operated as a ministry of Boise’s First Church of Christ, then located at Eighteenth and Eastman. The congregation’s ministers served as the core of the faculty, and its elders as her administrators. Four years after BBC was founded, Kenneth Beckman moved to Boise to work with the Church and the College. He served as the president from 1950 until 1972, and continued to teach at the College until his retirement in 2009.

In 1974 the College was separated organizationally from the First Church of Christ with its own Board of Directors. J. Richard Ewing was also appointed as the first full-time president in that year. He expanded BBC’s educational programs, budget, staff, and faculty. He also led the school in achieving accreditation in 1988.

Dr. Charles A. Crane became president in 1990. Under his leadership the College more than doubled its enrollment, built several new buildings, beautified the campus, and greatly increased the school’s visibility and recognition.

In 2007 Terry Stine became president, committed to faithfully pursue BBC’s mission to raise up leadership for the Lord’s church. The future of BBC continues to look very bright.

Facilities
BBC is located on a 16-acre campus at the northwest edge of Boise. There are five main buildings on campus. At the front of the campus is the Administration Building, which houses the offices of the administration and faculty. Immediately to the south is the Library/Classroom building. Beyond this is a complex containing the Student Union and a dormitory. To the east of this complex is the Multipurpose Building which contains a gymnasium, the cafeteria, student lounges, and music rooms. A second dorm stands on the east side of the main parking lot.
Location
Boise is increasingly recognized as a very livable city. The city is large enough to have the benefits of a large city, yet small enough to avoid the problems associated with large urban areas. It also enjoys an expanding economy where opportunities for part-time employment are abundant. Boise Towne Square Mall and the revitalized downtown area offer great shopping and job opportunities.

Boise offers numerous formal and informal educational opportunities. Boise State University, College of Western Idaho, Northwest Nazarene University, College of Idaho, and several vocational schools are located in the area. It also features a museum of art, a performing arts center, the State Historical Museum, the Boise Philharmonic, and several very active drama groups.

The city also provides many opportunities for recreation and amusement. Boise features community-wide programs like the Shakespeare Festival, the McCall Winter Carnival, and Nampa’s Snake River Stampede. A minor league baseball team makes its home just a couple of blocks from our campus, and Boise also hosts minor-league basketball and hockey teams. The city has numerous parks, many of which are connected by a Greenbelt along the Boise River. Bogus Basin Ski Resort is just a 45-minute drive away. Opportunities for camping, hunting, and fishing abound in the mountains just north of the city.

Recognition
By Churches
Individuals and churches across the nation, and especially the Northwest, support the College. Our graduates serve churches all around the United States and many nations around the world. Our alumni serve on the teaching staffs of some of the finest Christian colleges and seminaries.

By Governmental Agencies
The College is recognized by the State Board of Education. Eligible students who attend BBC can qualify for Federal benefits offered through Title IV Student Aid, VA, and Social Security programs. This school is authorized under Federal law to enroll nonimmigrant students.

By Educational Institutions
Nearly all Christian colleges and seminaries are receptive to accepting our credits and degrees. Many highly-regarded colleges welcome our students. However, some schools discriminate against all Bible colleges and are reluctant to accept our credits. Furthermore, as with all collegiate institutions, transfer of credit often depends upon the program being pursued by the student and the quality of the work completed. If you are planning on transferring from BBC to another institution, investigate the likelihood of transferring credits as early in the process as possible.

By Accrediting Associations
The College is accredited by the Association for Biblical Higher Education, formerly known as the Accrediting Association of Bible Colleges (5580 T.G. Lee Blvd., Ste. 130, Orlando, FL 32822, phone 407-207-0808). This association is recognized on the national level by the Council for Higher Education Accreditation and by the Board of Education of the State of Idaho.

2016-2018 Catalog | 11
Agreement with Code of Conduct

Your application for admission indicates your agreement to abide by BBC’s regulations as detailed in the current Catalog and the Student Handbook. This is not negotiable, and failure to comply may result in administrative probation and/or dismissal from the College.

Admissions Criteria

Admissions Paperwork

You must have submitted all required admissions paperwork by August 1 (for fall semester) or December 15 (for spring semester).

Character

We believe that qualities like a love for God and a servant heart are at least as important as academic ability. Thus for at least the year prior to enrollment you must have exhibited a commitment to Christ and active involvement in a local congregation.

If you have had criminal charges brought against you, you cannot be admitted until all charges are fully cleared; nor can you be admitted within a year of a felony conviction or release from prison. You must also provide strong recommendations from the leadership of a church in which you have been active for the past twelve months.

Academic Ability

Our standards are designed to insure that you have reasonable potential for doing acceptable college-level work.

1. ACT/SAT Reasoning Test Scores. You must achieve a composite score of at least 17 on the ACT exam, 1300 on the pre-2016 ("old") SAT Reasoning Test, or 960 on the post-2016 ("new") SAT. BBC’s reporting code for ACT is 0917. Our reporting code for SAT is 0891.

2. Transcripts. You must have your official high school and/or college transcripts sent directly to BBC from those institutions. Transcripts cannot be returned or forwarded to others.

High School graduates (public or private) must have a 2.00 CGPA and be ranked in the top 75% of their class. Students without a high school diploma must have a High School Equivalency Diploma with a GED score in the 25th percentile or above. College transfer students who have attempted 12 hours or more of college-level work must have a CGPA of at least 2.00 in all previous college courses. For transfer students who have attempted less than 12 hours of college-level work, their high school GPAs will be used.

Homeschool Students

Homeschool students are welcome at BBC. Admissions criteria for homeschool students are the same as for other applicants except as noted below.

It is recommended that homeschool students who plan to attend BBC contact the Admissions Office early in the college planning process.

A transcript, signed and dated by the preparer, must be provided indicating the subject areas studied during grades 9-12, the length of time spent in those subjects, and the grades earned. Official transcripts provided by homeschool curriculum providers are preferred, but parent-prepared transcripts are also accepted. It is recommended that applicants and parents consult with the BBC Admissions Office before submitting parent-prepared transcripts.

Homeschool students are encouraged, if possible, to have teacher recommendations filled out by the teacher of a class taken at a community college, a local high school, or from a private tutor.

BBC is not permitted to offer Federal Student Aid (such as Pell Grants or student loans) to students who have not met federal “Ability-To-Benefit” requirements. Homeschool students should be especially diligent to be sure they qualify to receive Federal Student Aid. See “Federal Student Aid Eligibility” on page 18 for additional information.
Transfer Students

Transcripts
If you have taken previous work at other colleges, you are required to have official transcripts from those other institutions sent to BBC.

Debts to Other Colleges
We expect students to have completed their financial obligation with other colleges before enrolling at BBC. (This does not include student loans.)

Transfer of Credits
See page 32 for BBC’s credit transfer policy.

International Students
If you are an international student you may have to meet additional requirements.

1. You must have a letter of recommendation sent by a missionary whom we recognize from your native country before we will accept your application.

2. If English is not your first language you must verify that you can handle class work in English by achieving a score of 500 on a recent Test of English as a Foreign Language (TOEFL), which is available at most United States consulates.

3. You must have a letter of guarantee sent by a person or agency assuring your financial support and return ticket to your native country or proof of sufficient personal funds for the same.

4. You must supply a copy of all educational credits above the eighth grade in English.

The admissions office will send you a set of recommendations best suited to your individual enrollment circumstances.

Non-Degree Students
Non-degree students are those credit or non-credit students who are not interested in pursuing a degree program, are high school students concurrently enrolled in college courses, or have not been conditionally accepted as non-degree eligible.

Non-degree students are not eligible for BBC scholarships or government financial aid, but may work toward a certificate or take courses of their own selection within the limits of their qualifications. To move from non-degree student status to regular credit student status you will need to complete the procedure outlined for a new credit student.

Audit Students
Auditors are students who wish to enroll in class without receiving academic credit. Admission is on the basis of spiritual and academic qualifications as well as available space. Auditors must complete a short application form and register along with the other students. Audit tuition is at a reduced rate but is not refundable. If you audit a class, you must follow the same general regulations as other students, though you are not required to do the assignments or take the examinations. Your participation in these activities and classroom discussion are at the discretion of the instructor. Audited courses may be taken for credit at a later date. Auditors who attend at least 75% of the class sessions will have a record of their audited class on their transcripts.

Failure to Meet Admissions Criteria
Students who do not meet all of the above qualifications may (at the discretion of the Registrar) be:

1. Granted full admission with no qualifications;
2. Admitted on a probationary basis (conditional admission);
3. Admitted only to a Certificate or 2-year program;
4. Admitted as non-degree seeking special student;
5. Denied admission.
Applying for Admission

Admissions Procedure

Step One—Application
The first step to enrolling in Boise Bible College is to contact the admissions department and request an application packet. This packet will assist you in securing the necessary recommendations and academic records. It also includes your application to the school and an application for financial aid. (This application is also available on the college web site.)

When the necessary information arrives at the College, your file will be reviewed by the admissions department, and if all is satisfactory, you will be notified that you have been accepted.

Step Two—Enrollment
After you have been accepted, the admissions department will send you an enrollment packet. This packet guides you through the process of enrolling as a student and securing campus housing. It also contains forms that provide the College with additional necessary information. During the latter part of this stage you should receive information regarding your financial aid package.

Step Three—Pre-Registration
Your next step is to decide on a degree program and sign up for classes. You will be guided through this process by the Registrar or an Admissions officer.

Step Four—Attend Orientation and Registration
See Orientation and Registration (page 29).

Readmission

Readmission after Inactive Student Status
If your enrollment at BBC has been interrupted, the following conditions apply for readmission.

After one inactive semester
You may contact your advisor and register for courses.

After two or three consecutive inactive semesters
You must reapply for admission, but the admission fee is waived.

After four or more consecutive inactive semesters
You must repeat the full admission process and come under the guidelines of the current catalog.

Readmission after Suspension
Students who have been academically or administratively suspended and wish to re-enroll are subject to the following conditions:

1. Reinstatement will not be considered for at least one semester.
2. Students must submit a new application for admission through the Admissions Department. In order for the application to be given serious consideration, the suspended student’s essay, recommendations, and subsequent academic work (if any) must show that positive, identifiable steps have been taken to correct whatever circumstances resulted in the suspension from BBC.
3. Once completed, your application for re-admission will be forward for review by the Director of Enrollment Services in consultation with the Academic Dean and Dean of Students.
4. Even if re-admission is granted, the student will likely have limited or no eligibility for financial aid.
5. A student who has been suspended twice from Boise Bible College will not be eligible to re-enroll in the future.

Regulations regarding academic probation, suspension, and readmission apply to all credit students enrolled for six hours or more. Decisions regarding students with fewer hours will be made on a case-by-case basis.

### Refunds

#### Deposit Refunds
If you decide not to enroll at BBC after paying your tuition deposit, 50% of your tuition deposit can be refunded to you if you notify Boise Bible College that you will not be enrolling by July 1 for the fall semester or December 1 for the spring semester.

If after paying your housing deposit you decide you will not be occupying a room in campus housing, 100% of your housing deposit can be refunded if you notify Boise Bible College that you will not be living in campus housing by July 1 for the fall semester or December 1 for the spring semester.

#### Refund Schedule
Refund of tuition, room, and meal charges are made according to the following schedule when withdrawal from the course, dormitory, and/or school is due to causes beyond the student’s control.

Refunds are calculated according to the date any applicable fees and the completed Change-of-Registration form are submitted to the Business Office.

During the first two weeks of class............... 80%
During the third week of class................... 70%
During the fourth week of class............... 60%

Refunds for block classes are calculated according to the same schedule, with each block period counting as a week of class.

If you have received Title IV funds, you are subject to the Department of Education refund schedule which is calculated daily.

#### Charges That Are Not Refundable
Audit charges are not refundable. Neither are any fees, including your application fee. No refund is owed to a student who is suspended or expelled from BBC. No refund is given on in-house scholarships and awards. Private lessons fees are not refundable.

#### Refunds to Veterans
Refunds to veterans will be prorated in accordance with the regulations of the Dept. of Veterans Affairs.

#### Refund of Credit Balances
You may find that you have a credit balance at the College after all of your payments, scholarships, grants, and loans have been applied to your account. If you wish to have all or some of that money refunded, you must request this in writing.

All refunds are subject to scholarship restrictions, which may limit the use of scholarship funds only to tuition or books. In such cases, credit balances may not be refundable to the student.

---

* Application fees must be paid again if you fail to enroll within two years of payment, or if you interrupt your studies at BBC for four or more consecutive semesters.

** Graduates are not charged for official transcripts for one year from the date of graduation. Official transcripts will not be released if you are delinquent in paying your bill. Final transcripts will be released when your bill is fully paid. Requests for your transcript must be made by you in writing.

*** Dorm and key deposits are refundable at the close of the semester if no damage or loss of College property attributable to you has occurred and you have moved out by the deadline.
Philosophy of Financial Assistance

Our Purpose
It is the fundamental purpose of our financial aid program to help all qualified students obtain a Christian education at BBC. We do not believe that our services should be reserved only for those who can afford to purchase it.

Student Responsibility
While the College will attempt to assist you, the primary responsibility for financing your education rests with you and your family. If you and your family will do your very best to meet your financial obligations, we will utilize every resource available to us to help you. You are responsible for knowing the academic policies of the College, for maintaining your academic standing, keeping current on financial obligations, and for meeting all graduation requirements. The Registrar, your academic advisor, the Dean of Students, and the Business Office are available to counsel you, but the final responsibility rests with you.

Eligibility for BBC Scholarships
To be eligible for scholarships offered by Boise Bible College, a student must:

- Be in good standing. Students on academic or administrative probation are not eligible for BBC scholarships.
- Meet deadlines for admission and/or pre-registration.
- In most cases, be enrolled full-time in a two- or four-year degree program.

Additional eligibility requirements will vary by scholarship, and some scholarships require the student to submit an application for consideration. See the BBC Financial Aid Office for further details and requirements.
Federal Student Aid (FSA)

Federal Student Aid at BBC
Boise Bible College has been approved by the U.S. Department of Education to participate in the following Federal Student Aid programs:

- Pell Grant
- Supplemental Opportunity Education Grant (SEOG)
- Federal Direct Loan
- PLUS Loan

Students may apply for Federal Student Aid by submitting the Free Application for Federal Student Aid (FAFSA) starting the January 1 prior to the start of the school year (e.g. January 1, 2015 for the 2015-2016 school year). The FAFSA is available online at the Department of Education web site (www.fafsa.ed.gov).

Be sure to include BBC’s reporting code (015783) on your FAFSA to expedite processing of your financial aid.

Federal Student Aid Eligibility

New Students
To receive Federal Student Aid funds, a student must be qualified to study at the postsecondary (college) level according to federal regulations. In order to meet this requirement, a student must:

- Have a high school diploma, or
- Have a recognized equivalent of a high school diploma, such as a general education development (GED) certificate or completion of an Associates degree or 60 semester credits applicable to a Bachelors degree, or
- Have completed their high school education in a home school that is recognized by state law in the student’s home state (see “Home School Students” below).

A student who is eligible for enrollment at Boise Bible College is not necessarily eligible for Federal Student Aid. If you have questions about your eligibility, contact the BBC Financial Aid Office.

Homeschool Students
Home school graduates are eligible to receive FSA funds if their secondary school education was in a home school that state law recognizes as a home or private school. Some states issue a secondary school completion credential to home school graduates.

Enrollment Status
To be eligible for Federal Student Aid, a student at Boise Bible College must be enrolled in a degree program. At BBC this means that a student must be enrolled in an Associates or Bachelors degree program; the Bible Certificate does not qualify for Federal Student Aid.

The student’s enrollment status (part-time vs. full-time) affects the amount of Federal Student Aid a student may receive.

For Federal Student Aid purposes, a student is considered full-time if they are enrolled for at least 12 credit hours in courses which fulfill a degree requirement. Courses which do not fulfill a degree requirement include:

- Elective courses for a student with no unfilled elective hours remaining in their degree program.
- Remedial courses which do not help a student gain access to a course required for graduation.

To be eligible for Federal Direct Loans, a student must be enrolled for a minimum of 6 credits.
Other Issues Affecting Eligibility
Violations of federal law could affect a student’s eligibility for Federal Student Aid. Examples of this include but are not limited to:

- Failure to register with Selective Service as required by law.
- Conviction for possession or sale of illegal drugs.

Receiving Federal Student Aid
Once you have filed a completed FAFSA with the U.S. Department of Education, the BBC Financial Aid Office will inform you about your financial aid eligibility, including what programs and funds may be available to you, if you enroll at Boise Bible College. You are free to accept or refuse any financial aid offered to you through Federal Student Aid.

Any FSA funds you accept will be applied to your account at BBC. In order for these funds to be available by registration, it is important that you apply early and respond to inquiries by the BBC Financial Aid Office as quickly as possible.

Satisfactory Academic Progress
Definition
To remain eligible for Federal Student Aid, a student must make satisfactory academic progress (SAP) towards graduation. In order to meet this SAP requirement at Boise Bible College, a student must:

- Pass at least 72% of the credit hours attempted (not counting repeated courses).
- Have a C average (2.00 cumulative GPA) by the end of the second academic year, regardless of how many credits have been attempted or completed.
- Be on pace to graduate within 150% of the published length of the program. This means that a student enrolled full-time must be on pace to graduate within 6 years for a Bachelors degree or 3 years for an Associates degree.

Financial Aid Warning
Students who do not meet Satisfactory Academic Progress criteria will receive a financial aid warning. This warning will last one semester, at the end of which the student must meet SAP requirements. The student will still be eligible to receive Federal Student Aid funds during this warning semester.

Financial Aid Suspension
Students who are still not making satisfactory academic progress after a warning semester are placed on financial aid suspension and lose eligibility for Federal Student Aid funds. Eligibility can be restored only by appealing to be placed on Financial Aid Probation.

Financial Aid Probation
Students who have lost eligibility for Federal Student Aid for failing to meet SAP requirements may appeal to be placed on financial aid probation.

An appeal may be made on the basis of unusual circumstances which hindered a student's academic progress (e.g. injury, illness, family emergency). An appeal must explain why satisfactory progress was not made and what changes in circumstances have occurred or what corrective steps have been taken to allow satisfactory progress in the next semester.

BBC may accept the student's appeal and restore Federal Student Aid eligibility, or deny the appeal. A condition of accepting the student's appeal may be the student's acceptance of an academic plan requiring that he or she meet SAP requirements by a specified time.

A student who is still not meeting SAP standards by the end of a period of financial aid probation will again lose eligibility for Federal Student Aid. The student may again appeal this suspension following the procedures outlined above.
### Private Programs
Many churches, groups of churches, and other organizations sponsor scholarship programs for persons seeking a Bible college education. Some information is available at the College, but you are encouraged to investigate the availability of funds from your local church and other sources.

### State Programs
Most state-guaranteed loans and grants are based on the College being approved by the U.S. Department of Education to participate in the federal programs. You may be eligible for state assistance. Check with your local high school advisor regarding what is available in your home state.

### Social Security Benefits
Contact the nearest office of the Social Security Administration to obtain the necessary certification of eligibility for assistance if you are eligible to receive Social Security assistance.

### Veterans Affairs Benefits
BBC degrees are approved for VA benefits. Contact the BBC Financial Aid Office for full information about the procedures to register for those benefits. To expedite processing of VA benefits, you should submit necessary paperwork as early as possible.

### Chapters 30, 31, 1606, and 1607 Benefits
Submit Form 22-1990 (Application for VA Education Benefits) to the BBC Financial Aid Office. If applicable, you will also need to provide Form DDT-214 (Separation Papers) to the Financial Aid Officer. If you need another copy of your DDT-214, the Financial Aid Officer will provide you with Form SF-180 to obtain an additional copy.

### Chapter 31 Benefits
Submit Form 28-1900 (Disabled Veterans Application for Vocational Rehabilitation) to the BBC Financial Aid Office.

### Chapter 35 Benefits
Submit Form 2-5490 (Application for Survivors’ and Dependents’ Educational Assistance) to the BBC Financial Aid Office. You will also need to provide a copy of your Award Letter to the Financial Aid Officer to verify your eligibility for this benefit.

Chapel
Chapels at BBC are developed to encourage and challenge you, as well as to give you opportunities to lead in a worship setting. Chapels are held at 10:30 a.m. on Tuesdays and Thursdays. Attendance is required for most students and each semester a noncredit, pass/fail grade will appear on your transcript.

Christian Service
All credit students must report to the Christian Service Director on their involvement in a local congregation each semester. A non-credit pass/fail grade is placed on your transcript for each semester you are required to be involved in Christian Service. Students enrolled in Internships are exempt from the Christian Service requirement.

Devotional Life
Classes are opened with prayer and conducted in a spirit of reverence for God. Students are encouraged to spend personal time as well as time with small groups and roommates in prayer and in meditation on the Word of God.

Involvement in a Local Church
You are expected to find a regular place of fellowship and service in a local church.

Spiritual Emphasis Week
A week is set apart each fall semester to emphasize a deeper spiritual life. Usually a guest speaker is brought in to speak, counsel, and live on campus for the entire week.

Missions Emphasis Week
Each spring a week is set aside to emphasize world missions and mission involvement.

Spring Conference
The last week of the spring semester features a time of inspiration and fellowship between students, faculty, outstanding speakers, and hundreds of visitors. The program provides inspiration and information on many vital topics. This week is considered a part of the semester class schedule. Attendance is required, and absences can impact course grades.

Internships
Most bachelor degrees require juniors and seniors to participate in supervised ministry experience in the field for which they are making preparation. Character formation is a primary goal of the internship process, as well as learning skills for ministry.
**Special-Interest Groups**

**Athletics**

BBC encourages participation in sports as a way to promote physical health. The more serious athletes can participate in city- or church-league flag football, soccer, volleyball, or basketball. You can also participate in the fun and fellowship of intramural sports.

Just minutes from campus are facilities for tennis, golf, jogging, biking, tubing, or skiing.

Also nearby are health clubs and the YMCA. In the winter skiing is available at Bogus Basin Ski Resort.

**Class Meetings**

The freshman, sophomore, junior, and senior classes each have unique experiences, opportunities, and responsibilities in the life of BBC. Monthly meetings allow each class to plan activities and share in the experiences of classmates.

**Imago Dei Ensemble**

This is a noncredit select musical group, usually of four or five students, chosen by interview and audition and hired to represent the College in churches throughout the Northwest.

**Family Groups**

BBC students are members of a “family,” a group of students who are all served by the same academic advisor. Periodically throughout the year your group will get together for fellowship and for ministry activities.

**Student Body Clubs**

Boise Bible College encourages the formation of and participation in clubs organized and attended by students with interests in special areas of spiritual development and service.

**Student Council**

Students selected by student body elections meet regularly with the Dean of Students to improve campus life, solve problems and plan some of the special events of the College.

The Student Council also sponsors committees that plan athletic programs, mission projects, Spiritual Emphasis Week, and Preview.

---

**Annual College Events**

**BBC Raft Trip**

The school year begins with various fun activities that welcome new students and bring the BBC family back together after a busy summer apart. One of those events is the annual whitewater rafting trip on the world-class Payette River.

**Fall Banquet**

This banquet is put on by the sophomore class and is designed around a fun and festive theme midway through the fall semester.

**Winter Banquet**

This banquet, put on by the freshman class, gives you an opportunity to dress up and have a lot of fun early in the spring semester.

**Preview**

Every April high school students from around the Pacific Northwest attend this two-day event to get a taste of life at BBC. Preview is a chance for the student body of Boise Bible College to showcase their skills in worship, teaching, and other areas, to host students from their home churches and youth groups, and to welcome those students who will soon join the BBC student body.

**Senior Skip Day**

Each spring, at a signal from the senior class officers, all of us “skip” away from classes for a day of recreation, food, and fellowship.

**Spring Banquet**

The junior class and non-graduating seniors plan this special event as an opportunity to honor our graduating seniors near the end of the year.
Facilities

Housing
On-campus dormitories are available for single students. Each unit has its own bathroom or shares one with one other unit. Rooms are furnished with bunk beds, desks, chest of drawers, and chairs. You are expected to provide a pillow, linens, and smaller furnishings.

All single students are required to live in the College dormitories, unless:

- The student is twenty-one (21) or older.
- The student is a junior or senior who maintains a CGPA of 2.5 or higher.
- The student is living with parents.
- The student is enrolled for less than eight (8) hours of credit.
- The student’s employment requires off-campus residency, and has received clearance from the Dean of Students before enrolling.

Please note that all housing assignments are subject to approval by the Dean of Students, and that all exemptions must be approved in advance.

BBC does not have married student housing. Many apartments and duplexes are available nearby.

Cafeteria
On-campus students are automatically given cafeteria privileges on a contract basis. Off-campus students, College staff, and guests of students and staff may eat in the cafeteria on a cash basis. No meals are served over holiday breaks observed by the School.

Technology
Internet access is available for dormitory residents. Wireless internet is also available in the library, classrooms, and some other areas of campus.

A computer lab is available in the Classroom/Library building. Through the lab students have access to computer, internet, and printing services.

The internet use policy is located in the student handbook.

Library
Library research is expected of all students, and for this BBC provides a library filled with a specialized collection of over 33,000 items. This beautiful facility is conveniently located in the Classroom/Library Building. Other libraries in the city are also accessible to you as a BBC student.

Bookstore/College Store
The College bookstore is primarily a textbook store staffed only at the start of each semester. A Student Store, also operated during registration and special events, offers products featuring the BBC name and logo. Some BBC products are also available through the Admissions office.

Laundry
Laundry facilities are located on each floor of the west dormitory, and on the west side of the multipurpose building for residents of the east dormitory. Residents’ board includes unlimited use of laundry facilities.

Exercise/Workout Room
A small exercise/workout room is located in the multipurpose building.

Gymnasium
A small gym provides an indoor location for athletic programs. This area also serves as a meeting area for some large or special events.

Parking
To park any motor vehicle on campus you must have a valid BBC parking permit. To receive a permit you must have a vehicle that is properly licensed and covered with full liability insurance. Only one vehicle per student is permitted and it must be properly parked.

Student Union
A two-story student center houses the Lion’s Den coffee shop, meeting rooms, and gathering areas for students to socialize and study. Meeting rooms can be reserved through Student Services for student groups or special activities. This facility is available for the use of both off- and on-campus students.
Personal Assistance

Academic Advising
You are assigned to a faculty member who acts as academic advisor and guides you in selecting classes. Your advisor is also available to suggest ways to improve your academic performance.

Counseling
The Dean of Students serves as your primary contact to access counseling services. Your own advisor or any member of the faculty is available for limited personal counseling. Referrals to professional Christian counselors in the Boise area are also available.

Disability Services
Students with physical or learning disabilities who require accommodations in order to access educational opportunities at BBC are encouraged to contact the registrar in a timely manner.

Documentation of diagnosis of a disability may be required in order to secure these service. Such documentation should provide information on specific functional limitations and demonstrate the need for specific accommodations. Any documentation will be kept confidential.

BBC will make reasonable accommodations for qualified students in keeping with federal law and consistent with the academic integrity of the college.

Job Placement
BBC gives placement assistance to seniors and alumni who seek employment with churches, missions, and schools. Inquiries need to be made through the development office.

Students who desire help in securing part-time, weekend, or summer ministries should consult with the Dean of Students or a faculty member working in his area of interest.

Basic Services

Health Care
The campus is conveniently located near medical centers and two hospitals. The Resident Director, Resident Assistants, and the Dean of Students attempt to assist ill and injured students who need medical attention. The College is not responsible, however, for diagnosis or treatment of sicknesses nor making appointments with or providing transportation to a doctor or medical facility.

Mail Pickup and Delivery
Mail delivery is handled through mailboxes in the multipurpose building. The College address is to be used for all correspondence for students living in the dormitories. Outgoing letters can be placed in the College mailbox.

Campus Security
Very little crime occurs on the campus of Boise Bible College, but we will provide information about incidents of crime that have occurred (as required by the Campus Security Act of 1991).

The College employs a Head Resident and Resident Assistants to enforce curfew and other rules applying to the well-being of the students residing on campus. The Head Resident and a custodian regularly open, close, and check the facilities.

The crime/fire report is available on the college website at www.boisebible.edu.

**Code of Conduct**

**General Philosophy**

Since it is assumed that all students at BBC are Christians and that they are attending in order to prepare themselves for service in the church, standards of conduct and behavior are much different than they are at other colleges with which you might be familiar. Boise Bible College is serious about training Christians to live, work, and minister effectively for God. This means that we design programs and develop policies that we believe further our purpose.

**Student Handbook**

The Student Handbook is the **STANDARD AND GUIDE FOR STUDENT CONDUCT BOTH ON AND OFF CAMPUS**. The details concerning policies and programs relating to student life are found in that document. The descriptions given in this catalog are designed to convey a general sense of the overall approach to campus life at BBC.

**Attire**

Two words are to characterize the clothing of all BBC personnel, from administrators to students. The two words are “modest” and “appropriate.”

**Drug Policy**

The possession and/or use of tobacco, alcohol, narcotics, and other nonprescription drugs is strictly prohibited on campus. No student is to employ such drugs at any time, on or off campus.

The full drug policy is published in the Student Handbook.

**Administrative Probation and Suspension**

Students who violate College regulations, including the chapel attendance policy, may be subject to administrative discipline. Such measures may include, but are not limited to, the following:

- Restriction to one’s apartment or the campus;
- Suspension or dismissal from a student group or team;
- Dismissal from the dormitory;
- Suspension or dismissal from the College.

Please refer to the Student Handbook for details about the causes of possible administrative probation or suspension and for information about how to appeal disciplinary action.

Academic Integrity Policy

As a training center for Christian men and women who are preparing for ministry, Boise Bible College expects students to value honesty and integrity in their lives and to put into practice these vital character traits throughout the education process.

Academic dishonesty is any practice by which a student knowingly and intentionally attempts to distort the truth about his or her own academic performance or that of another student. Examples include but are not limited to:

1. Plagiarism, either by presenting the work of another person as your own or by providing insufficient documentation of your sources.
2. Cheating, by copying the work of another student or allowing your work to be copied by another student without acknowledgement, by making use of unauthorized written or electronic aids during an examination, or by making false claims in order to gain concessions from a professor.
3. Falsifying research, results of projects, completion of assignments, citations in a formal paper, or class/chapel attendance for you or another student.
4. Submitting the same work for multiple assignments or courses without the knowledge or consent of the professor.
5. Intentionally interfering with the successful completion of another student’s work.

If you have questions about the acceptability of a practice, you should always consult your professor before proceeding.

Professors have the authority to discipline students for academic dishonesty by requiring the student to redo either the original or a substitute assignment or test (possibly for only partial credit), by failing the assignment or test, or by failing the student in the course. For repeat or flagrant violations, the student may be placed on academic probation or suspended by the Director of Enrollment Services. Students have the right to appeal any disciplinary action.

Access to Educational Records

On November 19, 1974, Public Law 93-380, entitled The Family Educational Rights and Privacy Act (FERPA), became effective. The law provides for:

1. Inspection of education records by a student.
2. The opportunity through a hearing for a student to challenge the contents of the records.
3. The written permission, with certain exceptions, of the student for release of the education records.
4. Maintenance of a record of individuals who, in certain situations, inspect the file.
5. The right to file a complaint with the Family Policy Compliance Office.

The college supports the intent of the law and, to the best of its ability, will provide the rights and privileges specified by the law.

To safeguard student records, the College cannot release transcripts to third parties unless the request is made in writing and signed by the student.

Graduation Rates

The official “Four-Year Average Student-Right-to-Know Completion (Graduation) Rate” for the years 2006-2009 (latest figures available as of publication date) is 51%. These figures include both 4-year and 2-year degrees. Call the office for the most recent figures.

Placement Rates

Two hundred twenty-two graduates received four-year degrees in the most recent ten-year period (2006 to 2015). The figures below represent their standing six months after graduation.

**Orientation and Registration**

**College Orientation**
Orientation begins the first week of classes to acquaint you with our facilities, personnel, and programs. The schedule includes instructional sessions, proficiency exams, and times for entertainment and fellowship. All new degree-seeking students (including transfer students) must attend orientation and take the proficiency exams.

After the first week of classes, Bible College Navigator will meet once per month to continue your acclimation to BBC.

**Registration**
Usually two days are allotted to finalize registration and to secure your I.D., books, and any needed permits. The dates are listed on the college calendar on page 4. Registration takes place in the Crane Chapel.

**Academic Advisors**
You will be assigned an academic advisor to assist in your course and degree planning.

**Warning:** While your advisor provides helpful guidance, it is the responsibility of the student alone to ensure that all requirements have been met prior to the deadline for graduation.

**Late Registration**
Students who are late in registering for classes must pay a late registration fee. They also are responsible for absences and the assignments they have missed.

**Testing**
Certain proficiency may be required during Orientation. Late fees may be assessed if you fail to take these tests at the posted times.

**Class Line Schedule**
Line Schedules are available through the Academic office. The College retains the right to revise the schedule or drop courses as it deems necessary.

**Pre-Registration**
Pre-registration for returning students is held at the close of each semester. New students pre-register at times set up by the admissions office.

**Changes of Registration**

**Change of Registration Process**
All changes of registration, such as dropping or adding courses or changing from credit to audit or audit to credit, are made on an official Change-of-Registration form available at the Academic Office. Instructions are on the form.

You are responsible for initiating the change of registration, obtaining the necessary approving signatures and submitting them, together with the fee, to the bookkeeper.

**Change of Registration Notations**
Changes of registration made on the first week of class are not listed on your transcript. Changes in registration in the following weeks use these notations.

- **W = Withdrawal**—Courses dropped in the second and third week of class (second through sixth weeks for freshmen) receive this notation. It has no effect on your GPA.
- **WP = Withdrawal while passing the course** (no effect on your GPA).
- **WF = Withdrawal while failing the course** (calculated into your GPA as an “F”).
- **FW = Failure to withdraw** (calculated into your GPA as an “F”).

**Deadlines for Changes of Registration**
Except under very unusual circumstances, no course may be added after the fourth week of classes.

After the third week of a traditional format course (sixth week for first year students), if you are failing a course when you change your status to that of an auditor, you will receive a WF grade for the course. In the case of block classes, this policy is effective after the fourth class session of a course (for freshmen, after the sixth session of a two-credit course or the seventh session of a three-credit course).

No changes of registration are permitted after the tenth week of traditional-format classes. No changes of registration are permitted after the ninth session of two-credit block classes or the eleventh session of three-credit block classes.

**Effective Date for Changes of Registration**
The effective date of the change is the date when the completed form and applicable fee are received by the Business Office. It is important to complete the process quickly as refund schedules are also affected by the official date of the change.

**Change of Major or Program**
Any change of major or program after the completion of your sophomore year will require that you become subject to the current catalog including its program and graduation requirements.
### Academic Performance

#### Grading

**Basis for Determining Grades**
Grades are determined on the basis of such things as attendance, recitations, examinations, papers, projects, and the student’s attitude in the classroom. Certain courses, because of their nature, may be assigned a Credit/Fail (CR/F) grade instead of a letter grade.

**Grading Symbols and Grade Point Values**
The following symbols and values are assigned to grades earned at BBC.

<table>
<thead>
<tr>

- I/Temporary Incomplete Grade: points vary
- VWF Withdrawal Failing: 0 grade points
- VWP Withdrawal Passing: no effect on GPA
- VWD Withdrawal: No Grade: no effect on GPA
- FW Failure to Withdraw: 0 grade points

**Computing Grade Point Averages**
To compute your Grade Point Average (GPA) for any given semester, multiply the grade point value (A=4) by the semester credits of each course, add the results, and then divide the sum by the total credits attempted. Pass/Fail classes are not figured into your GPA if you pass them. They are counted in your GPA if you fail them.

Your Cumulative Grade Point Average (CGPA) is calculated in the same manner, but includes the total credits and points for all semesters. Exception: see Repeating a Course.

**Grade Reports**
Grade reports are delivered to the student by mail or may be obtained from the academic office approximately three weeks after the end of each semester. No course grades are given out to students who have not satisfied all of their financial obligations to the College.

---

#### Academic Honors

**Dean’s Honor Roll**
Full-time students with semester grade point averages (GPA) of 3.50 and above.

**Honorable Mention**
Full-time students with semester GPAs between 3.00 and 3.49.

#### Incomplete Grades

Faculty members are authorized to grant incompletes for certain unavoidable circumstances, but incompletes are discouraged and are not automatically granted. You must receive approval from the faculty member on an “Incomplete Form” and pay a fee in the Business Office prior to the final exam hour for the class. The Registrar will record your temporary grade as I/(grade). You will then have six weeks after the last day of the final exam week to complete and submit the assigned material for grading. This period includes vacations and holidays.

At the end of the six weeks the registrar will remove the “I” and let the previous grade stand unless a new grade has been submitted by the faculty member. Your GPA and CGPA will be figured on the basis of the incomplete grade until the grade is made permanent.

**Classification of Students**

- Full-time........enrolled for 12 or more credit hours
- Part-time........enrolled for less than 12 credit hours
- Special........not pursuing a degree or conditionally admitted
- Freshman........1-29 hours applicable toward degree
- Sophomore.....30-59 hours applicable toward degree
- Junior..........60-89 hours applicable toward degree
- Senior .... 90 or more hours applicable toward degree

#### Repeating a Course

You may re-enroll for the same course a second time. The grade earned the last time the course is taken will be used in computing CGPA and credits earned. Both grades will be recorded on your transcript but only the last one can be used to fulfill degree or certificate requirements. Normal tuition and fees are charged.
Academic Probation

Any student who fails to earn a semester GPA of at least 2.00 will be placed on academic probation. This can have serious consequences for a student:

1. "Academic Probation" will appear on the student’s transcript.
2. Students on academic probation are not eligible for scholarships offered by Boise Bible College, and may lose their eligibility for federal student aid such as Pell Grants, Stafford Loans, GI Bill, VA benefits, etc. (See “Satisfactory Academic Progress,” p. 21)

As a condition of continued enrollment, students on academic probation are expected to meet several conditions:

1. Enroll in and pass GS 075 Academic Accountability.
2. Limit academic load (typically to 12 credits per semester).
3. Loss of privileges to participate in student government, “ambassador” groups such as Imago Dei or Camp Ministry Teams, college athletics, student committees in a leadership role, or other activities in which you represent the college in a public fashion.
4. In some cases, reduction of degree program to a two-year degree or a Bible Certificate.
5. Additional conditions may be required on a case-by-case basis by the college Registrar.

Students on academic probation who earn a semester GPA of 2.00 or higher may be released from academic probation and restored to good standing. In some cases, however, limits on financial aid eligibility or degree programs will remain in place until additional conditions have been met.

Academic Suspension

A student may be suspended from school on academic grounds under the following circumstances:

1. Failing to earn a 2.00 semester GPA while on probation, resulting in a second consecutive semester of probation status.
2. Failing to maintain a minimum cumulative GPA, making the prospect of successfully completing the requirements for graduation highly unlikely. The minimum CGPA required is as follows:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Minimum CGPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st full-time semester</td>
<td>1.00</td>
</tr>
<tr>
<td>2nd full-time semester</td>
<td>1.50</td>
</tr>
<tr>
<td>3rd full-time semester</td>
<td>1.75</td>
</tr>
<tr>
<td>4th full-time semester</td>
<td>2.00</td>
</tr>
</tbody>
</table>
3. Failing all courses in a single semester.
4. Failing to abide by conditions of a student’s academic probation.
5. Gross academic misconduct, such as flagrant or repeated violation of the Academic Integrity Policy.

In such cases the student will be notified of the suspension as quickly as possible by mail. “Academic Suspension” will appear on the student’s transcript.

Except in unusual circumstances which require immediate action, review for academic suspension will take place after the conclusion of spring semester.

Students who have been academically suspended and wish to re-enroll must apply for re-admission through the Admissions Department (see page 14).

Regulations regarding academic probation, suspension, and readmission apply to all credit students enrolled for six hours or more. Decisions regarding students with fewer hours will be made on a case-by-case basis.
Preliminary Notes and Cautions
The normal method of obtaining credit for a college course at BBC is to enroll in and successfully complete the course with a passing grade. BBC does offer other means of obtaining credit for some courses required in BBC’s degree programs.

You are cautioned to consult with the Academic Dean and/or the Registrar prior to pursuing alternative methods of earning credit since some courses and some students may not be eligible for such credit. Furthermore, many of the decisions regarding alternative methods of receiving credit are made on a case-by-case basis.

Many of the methods for receiving credit described below are available only to students already enrolled at BBC as degree-seeking students.

There are charges for testing and for updating your transcript. See the tuition and fee schedule.

Credit by Transfer
Courses taken at another accredited post-secondary institution may be accepted to meet requirements for our degrees at the discretion of the registrar. Normally, to have credits transfer, classes taken at other institutions must be equivalent to or exceed our course requirements and you must have achieved a grade equivalence of “C” (2.00) or better.

We do not transfer credits assigned a “Pass/Fail” grade. Transfer credits apply toward graduation requirements, but not toward your GPA; see page 34 for limits on the number of transfer credits applicable towards graduation.

If you are transferring from an unaccredited institution with which BBC has had no experience, you may be required to provide some or all of the following: course syllabus, notes, faculty credentials, and college catalog.

Some institutions give credits in quarter hours rather than semester hours. A quarter hour is considered to equivalent to two-thirds of a semester credit hour.

Credit by Examination
This method of earning credit is available to students who have successfully passed AP, CLEP, or similar examinations. If the Registrar approves the transfer, a grade of CR (credit, or pass) will be listed on the student’s transcript for the appropriate course.

Credit for Military Experience
Students who have taken exams through the DANTES examination program may have those exams evaluated through a similar process as the CLEP exams listed above.

No credit will be given for GED proficiency. Military technical programs will be evaluated on a case-by-case basis through the Registrar’s office.

Challenging a Course
You may request to challenge a course if you believe you are already competent in a particular subject matter because of your past education, training, or experience. The course in question should have fairly narrowly-defined content (e.g. OT or NT Introduction), and as a general rule successful challengers should be able to demonstrate awareness of the field's terminology, key concepts, major contributors, contemporary issues and contributors, etc.

To challenge a course you must gain approval from the Academic Dean and the teacher of the course. You must then achieve a minimum score on an examination in the subject. After completing the above requirements you will be assigned the grade you earned on the challenge examination. The grade will be recorded for the class on your BBC transcript and will be factored into your GPA.

General education courses such as English or Math are challenges via CLEP exams (see “Credit by Examination” above). Challenges of practical courses are handled via credit through experiential learning (see below).

See page 16 for charges associated with challenging a course.

Credit for Experiential Learning
If you believe that you already have achieved competencies in an area covered by a particular course through extensive practical experience, you may request through the Academic Dean to have your experience evaluated in relation to the course in question.

The evaluation process will require you to demonstrate that you have already achieved the objectives listed in that course’s syllabus. The screening process involves an interview, development of a portfolio (including documentation of past experiences and references), and payment of a processing fee. If sufficient competency is determined following the process above, you will be assigned a grade to be recorded for the class on your transcript and factored into your GPA.

Online Courses
BBC currently offers a few courses that can be taken in an online format (see p. 83). The College also refers students to other institutions that provide quality external studies courses when such work is needed or desired.

A limited number of distance education credits can be applied toward BBC degrees: 32 hours for a four-year program, 16 hours for a two-year program, and 8 hours for a one-year Bible Certificate.
Credit Hour
One credit hour of work represents satisfactory attendance and performance in a course meeting one fifty-minute period each week for one semester. Certain classes (e.g., Concert Choir) receive fewer credit hours than the number of hours they meet each week because there is less out-of-class work. Only two hours of Physical Education and a maximum of six hours of Internship credit can be applied toward a degree.

Academic Work Load
Graduation with a degree requires a minimum of 64 or 128 semester hours of work, depending on the degree being sought. An average academic load of sixteen hours each semester is required to complete the degree program in the normal time frame. Students accepted on a probationary basis or on academic probation are generally required to reduce their class load.

Over the course of a semester successful students generally spend around two hours in personal study for each hour they spend in class. Taking many one- and two-hour classes tends to be more demanding than taking several three- and four-hour classes.

Full-time students should limit employment hours to no more than twenty hours per week. Freshmen should be particularly careful about work loads until they have adjusted to their college responsibilities.

Examinations
Final and mid-semester examination times are scheduled. A specific schedule is posted for finals. Your finals may not be taken at any other time without the approval of the Academic Dean. Should you desire to reschedule other major exams, you must request and receive approval for a special exam time from the faculty member.

Research Papers and Assignments
Faculty are authorized to require that all papers prepared outside the classroom be done on a typewriter or printer. See the faculty or the course syllabi for details on specific requirements.

All formal research papers must conform to the current edition of the official style manual (available on the college website). Papers will be penalized or rejected for failure to follow the correct format and for errors in grammar. We live among people who have come to expect top quality written and oral presentations.

Class Format
Most classes at BBC meet one to four times per week, depending on the number of credit hours, for 50-minute class periods. (A small number of two-credit classes meet one day a week in back-to-back periods.) These classes meet for sixteen weeks spanning the entire semester.

About one-third of classes at BBC are offered in “block” or “compressed” format. These classes meet during the first class period of the day (8:00 to 10:20 am) for either the first half or the last half of a semester. Three-credit block classes meet 17 times (16 class sessions plus the final exam) on Mondays, Wednesdays, and Fridays for half a semester. Two-credit block classes meet 12 times (11 class sessions plus the final exam) on Tuesdays and Thursdays for half a semester.

A small number of classes, usually one-credit seminars, meet during longer sessions over a single weekend. Dates and times for such classes are posted at the beginning of each semester.

Class Attendance
Required Attendance
Like many private colleges, we require class attendance. We believe in the value of the teacher-student relationship and the discipline involved in being in class regularly and on time. We are interested not only in your intellectual attainment, but also in the development of your character.

Absences and Tardies
Policies vary with each faculty member, but all are required to factor attendance into their grading plan. Three (3) tardies are counted as one absence.

Any tardy over 15 minutes in length constitutes an absence. Leaving class early may also be charged as a tardy.

Students are permitted to leave class without being considered absent if the teacher or a designated substitute has not arrived within the first fifteen minutes of the class session.

Makeup Work
You are responsible for taking the initiative in making arrangements with faculty members to make up work missed. They have the option of requiring additional work or of disallowing any makeup work.
Graduation Requirements

Academic
1. You must have completed all the required course work for your degree program.
   Note: If you have not completed your program requirements after 8 years from initial enrollment, or if you have interrupted your studies for 4 or more semesters, you must re-enroll under the program requirements listed in the catalog which is current for the semester of your re-enrollment. Also you have the option to update your degree program to a later catalog at any time.
   Note: It is the responsibility of the student alone to ensure that all requirements have been met prior to the deadline for graduation.
2. Your CGPA must be at least 2.00. In addition, B.A. and B.S. graduates must earn a GPA of at least 2.00 on courses in their major or minors.
3. The final 32 semester hours must have been earned at BBC (unless the necessary courses are not available on campus).
4. Candidates must also participate in an evaluation process which will include all or some of the following:
   1) Exit interviews;
   2) Exit tests;
   3) An oral exam or presentation relating to their major field of study.

Christian Service
See page 22 of this Catalog and the Student Handbook for details.

Chapel Attendance
See page 22 of this Catalog and the Student Handbook for details.

Character
1. To graduate, you must have demonstrated Christian faith and character of such quality that the Academic Council can recommend you for ministry or further study. If the Council decides that you have serious character deficiencies, they may require counseling, delay your graduation, or even deny your application for graduation.
2. No student will be allowed to graduate while under disciplinary probation.
   NOTE: You will not be permitted to go through graduation ceremonies until the above requirements have been met. Graduation requirements are subject to change.

Graduation Honors
These honors are given to graduating seniors completing at least 32 semester hours with the required cumulative grade point average (CGPA).

Summa Cum Laude ............ 3.75 to 4.00 CGPA
Magna Cum Laude ............ 3.50 to 3.74 CGPA
Cum Laude ..................... 3.25 to 3.49 CGPA

Procedure for Graduating
1. Apply for your degree or certificate by filling out an “Application for Graduation” form and submit it (with the graduation fee) by February 1. (Applications for Graduation submitted after February 1 will incur a late fee. No Applications for Graduation will be accepted after April 1.)
2. Complete all external studies courses by April 1 of the year of graduation. Official transcripts must be received at BBC by May 1. Note: While you may be able to finish correspondence courses early enough to meet deadlines, regular spring semester courses at most colleges end too late to meet this deadline.
3. Satisfy all academic requirements by the beginning of the final examination week of the semester of graduation. (In specific circumstances, students may be allowed to participate in commencement ceremonies who have one requirement left to complete, have an actionable plan for its completion, and have appealed to the registrar for permission to participate.)
4. Satisfy all financial obligations with the College (by May 1 of the year of graduation).
5. Your Application for Graduation must be approved by the Academic Council.
6. You must participate in the commencement program unless a written request for excuse is approved by the administration of the College.

Second Bachelor’s Degree
To earn a second bachelor’s degree from Boise Bible College, you must:
1. Complete a minimum of 30 additional semester hours of resident work beyond the hours required for your first BBC degree.
2. Complete the requirements for the second degree program as approved by the Academic Dean. Courses used to satisfy the requirements of one major can not be used to satisfy the requirements of the additional major.
3. Satisfactorily fulfill all other College graduation requirements.

Degree and Program Objectives

Overview

Boise Bible College has designed its curriculum with specific objectives in mind. We aim to help you become a person of influence through:

- An ability to think critically and biblically.
- A consecrated way of life.
- A thoughtful and effective approach to leadership.

The chart below provides an overview of our goals for you as your academic career at Boise Bible College progresses.

All 4- and 2-year degrees at Boise Bible College are built around three components:

1. General Education: Courses that deal with a broad array of knowledge about the world around us.
2. Bible: Courses focusing on an understanding of theology and the Word of God.
3. Ministry: Courses which are intended to lead to competence in the student’s chosen professional field.

It is necessary to fulfill all requirements in each of these components in order to successfully complete the degree. Each component, and each course, plays a role in your overall development as a person of influence.

Each degree will also have its own set of objectives specific to that degree. These objectives define the competencies considered vital to success in your chosen ministry field.

Goals We Believe You Can Achieve at BBC

Waypoints

The BBC curriculum provides a logical and systematic path for students to follow in their pursuit of their educational goals. But students often have difficulty seeing where they are on that path, especially when they are focused on passing a particular test or meeting a looming deadline. BBC uses "Waypoints" to address this issue.

Waypoint is a navigational term used to identify an intermediate point on a route. In the days before navigation by GPS, waypoints were often remarkable natural landmarks that encouraged the traveler to stop for a moment. Waypoints mark progress on a journey. They prompt the traveler to look toward the next intermediate goal, get new bearings, and muster up the motivation to keep on toward the destination.

At BBC, Waypoints help students mark progress on their educational journey, make sense of what they are experiencing, and make wise personal choices that will enhance the value of the education they are receiving. Some Waypoints involve academic courses. Other components are non-credit and non-academic. A significant aspect of Waypoints is that they encourage self-reflection, dialogue with fellow students, and dialogue with faculty.

Freshman Class Meetings

A faculty advisor meets with the freshman class each month to:
- Help students interpret their experiences.
- Prepare them for upcoming events and potential morale busters.
- Help students keep in mind their goals for coming to BBC.

Sophomore Waypoints

Sophomore Class Meetings

The sophomore year can be difficult because the novelty of being at college has worn off. The sophomore faculty advisor meets with the class each month to encourage the students.

Sophomore Seminar

This course attempts to help students develop self-awareness and to prepare them for internships.
- Self-assessment using BBC competencies.
- Identifying implications of one’s personality style.
- Introduction to terminology of emotional intelligence.
- Developing a personal growth plan.
- Preparation for internships.
- Tools for “self-advising.”
- Exit guidance for AS graduates.

Upperclassman Waypoints

Junior Summit

Junior Summit is a retreat open only to juniors that emphasizes ministry in a team environment:
- Self-awareness of leadership potential and leadership style.
- Defining personal gaps in team situations.
- Updating one’s personal growth plan.

Senior Capstone

This course is designed to help the senior look past graduation to make needed preparations for what lies beyond BBC.
- Reviewing personal progress (internship evaluations, past assessments, growth goals).
- Self-assessment on BBC Competencies.
- Development of a senior plan for the final year of school and the first months after graduation.
- Exit questionnaires and focus-group debriefs, leading to dialogue with faculty about the BBC experience.
- Exit interview, a dialogue with faculty about the senior plan.

Freshman Class Meetings

Bible College Navigator

This course is designed to help students understand the overall academic process:
- Orientation to college life
- Understanding the implications of one’s learning styles
- Introduction to academic terminology and to the concept of competencies.
- Mid-semester self-assessment and personal performance review.
- Explanation of degree programs
- Encouragement of a healthy approach to fulfilling program requirements

Christian Life

This class stresses a life of submission and devotion to God and explains BBC’s character competencies:
- Devotion to God
- Gentleness
- Integrity (Honesty)
- Relationship to Assets
- Self-Giving
- Self-Discipline
- Sexual Purity
- Speech
- Submission to Authority
Bachelor of Arts Degree

Objectives
All Bachelor of Arts degrees are designed to help you achieve several goals:

1. As a student, you will gain a broad working knowledge of your world and be able to effectively interact with it. You will also enhance your biblical studies with a working knowledge of New Testament Greek and will be prepared for graduate seminary programs which have Greek language prerequisites.

2. As a Christian, you will be able to wrestle with complex theological issues, be able to accurately exegete the Bible, and be better able to make the appropriate applications of the Word to your personal life and in the church. You will be challenged to have a self-sustaining and growing passion to know God, to pursue personal holiness, and to promote the growth and health of Christ’s church.

3. As a leader, you will gain a particular expertise sufficient for entry-level professional church ministries, or entry into a graduate seminary program, be able to effectively communicate God’s truth to our world, and be prepared to demonstrate servant leadership.

Description
The Bachelor of Arts is a professional degree which can be completed in four years. It is designed to prepare students for entry-level positions in full-time ministry or for entry into graduate programs. The BA is for people who wish to do the fullest possible study of the New Testament in the original Greek language or those who will enter graduate seminary programs requiring Greek as a prerequisite.

A Bachelor of Arts degree has three components:

1. **General Education Core**, a 40-credit series of courses which covers a broad range of languages, humanities, social sciences, and other general studies. A special feature of the BA General Education core is 8 credits of first-year Greek study.

2. **Bible Major**, a 45-credit series of courses which progresses from introductory to advanced studies in theology and the Bible. A special feature of the BA Bible major is 6 credits of second-year Greek study.

3. **Ministry Program**, a 43-credit series of courses based on the specific field or fields of ministry you choose as a student to pursue. The ministry programs available at BBC are explained in detail on pages 42-59.

**Ministry Program (43 credits)**

See pages 42-59 for program descriptions.

Bachelor of Science Degree (128 credits)
**Program Objectives**
The Biblical Studies major is designed to help you accomplish two primary goals:

1. You will gain a broad knowledge of the Bible, which is essential both for improved Christian character and a success in every kind of ministry.
2. You will develop the basic ministry skills for the application of biblical principles in a wide variety of leadership roles in church and non-church settings.

**Description**
The Biblical Studies major is combined with the General Education core and the Bible major to complete the program requirements of a Bachelor of Arts or Bachelor of Science degree. The major is made up of five components:

1. **Christian Ministries Core**, a series of courses which give you exposure to a broad range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. **Applied Bible Core**, a series of courses designed to teach essential skills for teaching Bible and theology in ministry settings.
3. **Guided Electives**, a “menu” of courses in more specified ministry skills, from which you can choose based on your personal goals and interests.
4. **Biblical Studies Electives**, an opportunity for you to focus your studies on biblical and theological issues which are of special interest to you and to strengthen your ability to properly understand and explain the Word of God.
5. **Practicum & Research**, opportunities for you to learn through practical teaching, oversight, and research experiences.
**Program Overview**

The Christian Ministry program is designed for students who have chosen ministry in a local church congregation as their life and career choice. It is a flexible program, allowing you to specialize in a specific ministry field while still gaining skills which are necessary for success across a broad range of ministries and disciplines.

### Choosing a Major or Minors

Students enrolled in the Christian Ministry program can customize their degree in one of the following ways:

1. Choose one major from a slate of nine available ministry majors.
2. Choose two minors from a slate of seven available ministry minors.

See pages 44-57 for additional information about these various majors and minors.

Ministry Electives (3 credits)
With guidance from your academic advisor and department head, choose 3 credits from any ministry field which fit your goals and interests.

Bachelor of Arts or Bachelor of Science in Christian Ministry (Youth Ministry Major)

Program Objectives
The youth ministry major is designed to help you accomplish several goals:

1. You will develop a sound philosophy of youth ministry based on biblical principles and the developmental, educational, and spiritual needs of youth.
2. You will be able to develop and teach effective Bible lessons for the different age groups across the span of youth ministry.
3. You will be able to effectively plan, organize, lead, and administrate a ministry to meet the needs of youth and their families in a church and its community.
4. You will be able to recruit, train, and motivate the teams of workers needed to run a productive youth ministry.
5. You will develop the ability to work with other church staff, ministry leaders, volunteers, and church members to accomplish the mission and goals of a congregation.

Description
The Youth Ministry major is combined with the General Education core and the Bible major to complete the program requirements of a Bachelor of Arts or Bachelor of Science degree. The major is made up of five components:

1. **Christian Ministries Core**, a series of courses which give you exposure to a broad range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. **Youth Ministry Core**, a series of courses designed to teach essential skills for anyone working in the field of youth ministry.
3. **Guided Electives**, a “menu” of courses, any of which would prove valuable in the field of youth ministry, from which you can choose based on your personal goals and interests.
4. **Ministry Electives**, an opportunity for you to diversify your curriculum by taking courses in a ministry field other than youth ministry or to augment your youth ministry degree by taking additional courses in that field.
5. **Internship**, an opportunity for you to learn youth ministry through practical field experience.
Christian Ministry Program – Dual Minor

Description
Students who want maximum diversification in their ministry training may choose to minor in two ministry fields rather than major in only one. These two minors are combined with the General Education core and the Bible major to complete the program requirements of a Bachelor of Arts or Bachelor of Science degree. The program is made up of three components:

1. **Christian Ministries Core**, a series of courses which give you exposure to a broad range of ministry fields and develop your ministry skills and outlook in a systematic way.

2. **Minor #1**, a combination of required core classes, guided electives, and internships designed to teach you essential skills in one ministry field.

3. **Minor #2**, a combination of required core classes, guided electives, and internships designed to teach you essential skills in a second ministry field.

You may choose your two minors from a slate of seven options:

1. Christian Education
2. Greek Language (Bachelor of Arts only)
3. Intercultural Studies
4. Preaching Ministry
5. Small Groups Ministry
6. Worship Ministry

The Dual Minor program does not include following strong minors:

1. Christian Psychology (see the Helping Professions Program on page 59)
2. Christian Teaching (see the Christian Teaching Program on page 58)

General Education Core (40 credits)
See pages 40-41 for program descriptions.

Bible Major (45 credits)

Achieving Certification
See page 70 for information about steps to becoming a certified teacher after completing this program.
Achieving Certification

Certification to become a licensed counselor cannot be achieved at the undergraduate level. See page 70 for information about steps to becoming certified in counseling or other helping professions after completing this program.

Program Objectives

The Christian Psychology strong minor is designed to help you accomplish several goals:

1. You will have a biblical perspective on emotional health that incorporates what Scripture has to say about how God has designed us, the impact of sin, and the benefits of redemption and a godly lifestyle.
2. You will understand and be able to properly use terminology common to the field of psychology and counseling.
3. You will be familiar with common psychological theories and techniques.
4. You will understand the characteristics (traits and needs) associated with the various stages of life.
5. You will have the basic counseling skills and techniques to help people.
6. Students will be prepared to do the critical thinking necessary to wrestle through the issues involved in evaluating and/or utilizing common psychological theories and techniques which may or may not integrate with known biblical principles.
7. You will be prepared to enter into a graduate program leading to certification as a licensed counselor.

Description

The Christian Psychology strong minor is combined with the General Education core and the Bible major to complete the program requirements of a Bachelor of Arts or Bachelor of Science degree. The strong minor is made up of six components:

1. Christian Ministries Core, a series of courses which give you exposure to a broad range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. Christian Psychology Core, a series of courses designed to teach essential skills for anyone working in the field of helping professions.

5. Observation, an opportunity for you to learn helping professions through observation in a “live” environment.
6. Open Electives, which allow you to fill out your curriculum with courses from any field depending on your career goals and interests.
**Objectives**

The Bachelor of Arts in Bible is designed to help those students who have already earned a Bachelors Degree or a qualifying level of college credit to achieve several goals:

1. You will gain broad working knowledge of the Bible.
2. You will develop your ability to work more effectively in non-vocational leadership roles in the church.
3. You will develop your personal faith and proficiency in leading others to Christ.
4. By making strategic use of your guided electives, this program can prepare you to (more than one may apply):
   a. Succeed in graduate seminary training.
   b. Be accurate and effective in teaching or preaching God’s Word.
   c. Serve effectively in an entry-level paid ministry position.

**Description**

The Bachelor of Arts in Bible is a professional degree which is designed for students who already hold a Bachelors Degree from another college or university or who have earned 60 credits of appropriate and transferable general education courses.

The Bachelor of Arts in Bible has three components:

1. General Education Core, which includes a block of 60 general education credits which are transferred from your previous degree or college work. Your previous work must include broad experience in languages, communications, natural sciences or mathematics, social sciences, philosophy, and history. If your previous college work is lacking in any of these areas, you may be required to take additional general education courses at BBC. Also included are a mix of courses in philosophy and history which will help ground you in a biblical worldview, and also introductory courses in Biblical Greek.

2. Bible Major, a 39-credit series of courses which progresses from introductory to advanced studies in theology and the Bible.

3. Guided Studies, a 13-credit series of courses which will introduce you to basic ministry skills in a broad array of ministry fields.

   a. Succeed in graduate seminary training.
   b. Be accurate and effective in teaching or preaching God’s Word.
   c. Serve effectively in an entry-level paid ministry position.

### Description

The Bachelor of Science in Christian Leadership is a professional degree which is designed for students who already hold a Bachelors Degree from another college or university or who have earned 60 credits of appropriate and transferable general education courses.

The Bachelor of Science in Christian Leadership has three components:

1. **General Education Core,** which includes a block of 60 general education credits which are transferred from your previous degree or college work. Your previous work must include broad experience in languages, communications, natural sciences or mathematics, social sciences, philosophy, and history. If your previous college work is lacking in any of these areas, you may be required to take additional general education courses at BBC. Also included are a mix of courses in philosophy and history which will help ground you in a biblical worldview.

2. **Bible Major,** a 31-credit series of courses which progresses from introductory to advanced studies in theology and the Bible.

3. **Guided Studies,** a 29-credit series of courses based on the specific field of ministry you choose as a student to pursue. This block of courses will be patterned after the requirements of a minor in one of BBC’s traditional four-year degrees on pages 55-57.
Objectives

All Associate of Science degrees are designed to help you achieve several goals:

1. As a student, you will achieve a measure of confidence and proficiency in the ability to read, write, think, research, and speak.

2. As a Christian, you will also achieve a basic understanding of the content of the Bible, with particular attention paid to essential truths and their implications for conduct, to the life of Jesus, and to how the Church began and spread in the first century. You will also increasingly know God and grow in Christ-likeness.

3. As a leader, you will demonstrate servanthood, be able to handle basic tasks in evangelistic, worship, and teaching programs of the local church, and embrace the importance of trying to shape the contemporary church around the New Testament model.

Description

The Associate of Science is a college degree which can be completed in two years. While not intended to prepare you for vocational church work, it is designed to build a student’s ability to work effectively in a church, to set a solid Christian foundation before entering the work force, or to lead into cooperative programs at other colleges.

An Associate of Science degree has three components:

1. General Education Core, a 23-credit series of courses which covers a broad range of languages, humanities, social sciences, and other general studies.

2. Bible Core, a 16-credit series of courses which covers introductory studies in theology and the Bible.

3. Concentration, a 25-credit series of courses based on the specific field of ministry you choose as a student to pursue. The concentrations available at BBC are explained in detail on pages 63-69.
# Program Objectives

The Bible concentration is designed to help you accomplish two goals:

1. You will enrich your personal life and ministry with a broader knowledge of the Bible.
2. You will work more effectively in the teaching ministry of the Church.

## Description

The Bible concentration is combined with the General Education core and the Bible core to complete the program requirements of an Associate of Science degree. The concentration is made up of four components:

1. **Christian Ministries Core**, a series of courses which give you exposure to a range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. **Bible Core**, a series of courses designed to teach basic skills for teaching Bible and theology in ministry settings.
3. **Bible Electives**, an opportunity for you to focus your studies on biblical and theological issues which are of special interest to you and to strengthen your ability to properly exegete the Word of God.
4. **Ministry Electives**, an opportunity for you to diversify your curriculum by taking courses in a ministry field of interest to you.

Associate of Science in Intercultural Studies
AS Worship Arts Program

Program Objectives

The Worship Arts concentration is designed to help you accomplish two goals:

1. You will have a basic understanding of key music theory concepts and terminology.
2. You will be able to cultivate an environment for personal worship and corporate worship.
3. You will grasp how to utilize and operate the various tools currently available for enhancing the quality of the worship service.

Description

The Worship Arts concentration is combined with the General Education core and the Bible core to complete the program requirements of an Associate of Science degree. The concentration is made up of four components:

1. Christian Ministries Core, a series of courses which give you exposure to a range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. Worship Arts Core, a series of courses designed to teach basic skills for anyone working in the field of worship arts.
3. Guided Electives, a “menu” of courses, any of which would prove valuable in the field of worship arts, from which you can choose based on your personal goals and interests.
4. Ministry Electives, an opportunity for you to diversify your curriculum by taking courses in a ministry field other than worship arts or to augment your worship arts degree by taking additional courses in that field.
Objectives
The Bible Certificate is designed to help you achieve several goals:
1. You will be enriched in your spiritual life.
2. You will grow in your knowledge of the Bible.
3. Through the wise use of your electives, you will be more effective in your service to Christ and His Church.

Description
The Bible Certificate is a program for students who plan to only spend one year in a Bible college environment before moving on to the next phase of their education, career, or life. While not an actual college degree, the Bible Certificate is designed to give a sense of purpose to your studies and a sense of completion once the year is through.

A Bible Certificate has two components:
1. Bible Certificate Core, a 16-credit series of courses which covers general studies in theology, the Bible, ministry, and Christian worldviews.
2. Electives, a block of credits which, within certain limitations, you can choose based on your personal goals and interests

Achieving Teacher Certification
BBC students who wish to enter the teaching profession with certification are encouraged to take one of the following paths:
1. Secure a B.S. in Christian Teaching (page 58), then apply for entrance into an M.Ed. or M.A.T. program from a graduate school to achieve certification. This path can be completed within twelve to eighteen months of graduation from BBC, depending on the program and graduate school.
2. Secure a B.S. in Christian Teaching, then complete the Passport to Teaching program through the American Board for Certification of Teacher Excellence.

These paths can lead to placement in both public and private schools. See the professor of Christian Teaching for details about these paths to teacher certification.

Certification for elementary education is the easiest to achieve with the paths above. Certification for secondary education will require 15 hours of course work in your primary field of instruction (history, math, etc.) at another institution. These hours can be incorporated into the block of elective hours built into the Christian Teaching minor or taken at the graduate level.

Students seeking teacher certification must be able to pass all required standardized tests required by graduate schools and state boards of education to become certified.

Achieving Certification in Helping Professions
BBC graduates can achieve certification in counseling through Master’s level programs available at several institutions. We recommend the Master’s programs in counseling at the following institutions that welcome our students: Cincinnati Christian University (Cincinnati, OH), Hope International University (Fullerton, CA), Johnson Bible College (Knoxville, TN), Lincoln Christian Seminary (Lincoln, IL), and George Fox University (Newberg, OR).

Students seeking the BA/BS Helping Professions degree should be aware that, with slight variations, all states require a minimum of a Master’s degree in counseling to be properly certified as a professional counselor. However, past graduates of BBC who chose not to acquire a Master’s degree in counseling have found employment as volunteer “counselors” at crisis pregnancy centers or children’s services centers. Some graduates have found employment with organizations that provide Psycho-Social Rehabilitation (PSR) services, but the student should be informed that the qualifications for these jobs may vary according to each organization’s requirements. Some minimal additional training and experience may be required for PSR or similar positions. We encourage Helping Professions students to earn a minimum of 21 counseling/psychology credits in their degree to help in qualifying for PSR or similar employment.

Introduction to Course Descriptions

Overview
On the following pages are listed the courses offered at Boise Bible College. With each listing is a brief description of the material covered by the course.

Other features of the course description are listed on this page to help you more quickly comprehend the course descriptions.

Disciplines
Courses are listed according to their disciplines or areas of study (e.g., Bible: New Testament, English, Intercultural Studies, etc.) in alphabetical order of the discipline.

Courses listed outside their primary discipline and without a description at the end of each section can potentially be used (with approval) to earn credit under this discipline. For example, LEAD 2420 Interpersonal Communication is a leadership class that is also listed without description in the communications section and can (with permission) be used to earn general elective credit.

Course ID
The alphanumeric course IDs (e.g., BBNT 2010) are used to help you identify the following information about a course:

First Four Letters (BBNT 2010)
The first two letters of a course number identify the discipline.

First Number (BBNT 2010)
The first number of a course identifies the level of academic difficulty:

• 0000s = Remedial (cannot be used to satisfy degree requirements)
• 1000s = Freshman
• 2000s = Sophomore
• 3000s = Junior
• 4000s = Senior

Second Number (BBNT 2010)
In general, the second number of a course indicates the place the course occupies in BBC's curriculum:

• 0-1 = Usually indicates a course is required in most or all degree programs.
• 2-3 = Usually indicates a course is required in specific programs and majors.
• 4-7 = Usually indicates a course is elective in nature.
• 8-9 = Internships and other directed or experiential learning courses.

Internships
The course ID of an internship usually indicates the following information:

• Third number: indicates whether an internship is the student’s first, second, third, or fourth.
• Fourth number: indicates whether an internship is for one or two credits.

Credit Hours
The number in the upper right of the course description indicates the number of semester credit hours earned for the course.

Prerequisites
Some courses have one or more prerequisites. These courses cannot be taken until the prerequisite course or courses have been completed. If a course has prerequisites, the prerequisite course or courses will be listed with the course description.

Key To Symbols

¾ Course is offered on a four-semester cycle (i.e. one semester in every four)
Ir Course is offered on an irregular cycle (i.e., not part of the four-semester cycle but appears periodically)
P Course has prerequisites
R Course is repeatable for credit (i.e., may be taken more than once for credit)

Changes in Course Descriptions and Offerings
Courses are subject to change without Catalog notice.

The College reserves the right to cancel any course for which there is insufficient registration or for which there is no qualified teaching personnel available.

The College may offer new courses not currently listed on the basis of sufficient demand, facilities, and personnel.
American Sign Language

ASLA 1110-1120 American Sign Language 3-3
An introduction to American Sign Language (ASL), deaf culture, and various ministries to the deaf community. The course will teach finger spelling, numbers, the grammar and basic vocabulary needed for conversing with the deaf, and the specialized vocabulary required for communicating within the context of church and ministry.

Anthropology

Anthropology courses taken for elective credit apply to the following elective categories, in order of priority: 1) Social Science electives, 2) General electives, 3) Open electives.

ANTH 2110 Cultural Anthropology ¼ • 3
An introductory study of cultures and customs throughout the world to discover their purpose and importance in societies. Special emphasis is given to the problems and opportunities presented by these cultural differences in ministering to people.

Bible

Bible courses taken for elective credit apply to the following elective categories, in order of priority: 1) Major guided electives, 2) Bible/Theology electives, 3) Open electives.

BBLE 1010 Journey Through the Bible 3
A survey of the Bible's unfolding redemption plan, this class will trace the story of the Messianic Promise as it develops through the Old Testament era and finds fulfillment in the appearance of Jesus and the establishment of the New Covenant. Attention will also be given to the role and meaning of the Mosaic Law/Covenant, the apostles' ministries and writings, and a brief summary of church history.

BBLE 2710 Tour of Historical Lands ¼ • 2
A two-week tour of locations significant to biblical or church history.

Bible Practicum
A course that facilitates learning outside the classroom. The program is tailored to the student’s goals, and can include travel, serving as teaching assistant, teaching a class, etc. (Prerequisite: MINS 2010 and approval)

BBLE 3811 Bible Practicum 1
First practicum.

BBLE 3821 Bible Practicum 1
Second practicum.

BBLE 3831 Bible Practicum 1
Third practicum.

Bachelor's Thesis
A guided in-depth study of a biblical or theological topic culminating in a writing project and oral defense. (Prerequisite: MINS 2010 and approval)

BBLE 4812 Bachelor's Thesis 2
First research project.

BBLE 4822 Bachelor's Thesis 2
Second research project.

Bible (New Testament)

New Testament courses taken for elective credit apply to the following elective categories, in order of priority: 1) Major guided electives, 2) Bible/Theology electives, 3) Open electives.

BBNT 1010 New Testament Introduction 2
A basic course offering a knowledge of the origin, theme, and content of each N.T. book with an emphasis on the use of basic Bible study tools. Certain historical and geographical backgrounds are included.

BBNT 1110 Acts Of The Apostles 3
An intensive and careful study of this book aiming to arrive at a historical perspective regarding the origin, life, and development of the apostolic church. Knowledge of basic New Testament doctrines and a survey of the life of Paul are included.

BBNT 2010-2030 Life of Christ
The accounts of the four Gospels of the New Testament harmonized to produce a single chronological study of the life and teachings of Jesus Christ from His pre-incarnated state through His ascension.

BBNT 2010 Life of Christ: Early Period ¼ • 3
BBNT 2020 Life of Christ: Middle Period ¼ • 3
BBNT 2030 Life of Christ: Final Week 3

BBNT 2310 Galatians and James ¼ • 3
A study of Paul's letters to the Galatian church and the epistle of James, including introductory matters such as authorship, destination, date and purpose; a detailed study of the text; and application to the student's spiritual life and ministry. Special emphasis include the relationship between works and faith, and between law and freedom.

BBNT 2410 1 and 2 Thessalonians ¼ • 2
A study of Paul's letters to the Thessalonian church, including introductory matters such as authorship, destination, date and purpose; a detailed study of the text; and application to the student's spiritual life and ministry. Special emphases include Christ's second coming.

BBNT 2420 Issues in 1 Corinthians ¼ • 2
This course will treat some of the more significant doctrinal issues raised in Paul's first epistle to the Corinthians (e.g., Christian unity, divorce, women’s roles, spiritual gifts). Stressed will be the significance of each of these issues 1) in the Corinthian context, 2) in the whole Bible, and 3) in current Christian thought and practice.

BBNT 2510 Philippians ¼ • 1

Consortium for Christian Online Education Courses

Overview
Boise Bible College offers a limited number of online courses through the Consortium for Christian Online Education. These courses are available both to members of the on-campus student body and to students who are unable to attend courses on campus.

Access for CCOE courses is through BBC’s regular application (page 14) and registration (page 29) processes. Login information will be provided to students upon completion of registration.

CCOE courses are subject to the same tuition, financial assistance, and refund policies as courses offered on the BBC campus. See pages 15-20 for details.

CCOE courses may be applied to BBC degree requirements in some cases and will be considered on a case-by-case basis. Online courses will otherwise be applied to BBC degrees as electives. You are encouraged to consult with your advisor and the registrar in advance to determine how online classes will apply to your degree program.

Hope International University Transitions Courses

Overview
An agreement with Hope International University allows qualifying BBC students to take up to 9 credits of online courses through HIU during their senior year at BBC. These Transitions courses would apply both to the student's degree at BBC as well as to a Master of Arts in Ministry at HIU.

BBC students with a minimum CGPA of 3.00 who wish to take advantage of this program must apply to HIU and be conditionally accepted no later than the first semester of their senior year, meeting all the standard requirements for admission into HIU’s graduate program (pending completion of their bachelor’s degree). Tuition is paid through BBC; students are responsible for the purchase of textbooks and related course materials.

HIU Transitions courses meet in accelerated 8-week sessions that roughly line up with BBC’s block schedules.

Interested students should consult their academic advisor to determine which Transitions courses best meet their degree requirements at BBC and to begin the application process.
