Prayer for the Nations

Kim Butts from *Light the Fire Ministries* spoke at **Missions Emphasis Week** this month, encouraging all of us to grasp prayer as THE critical element in ministry. Jesus told us to pray that God would send workers to bring in the harvest. Paul said to pray without ceasing. Christians from South Korea, China, Indonesia, Pakistan, Africa and South America are praying and thousands of souls are coming to the Lord on a daily basis. They are relying on prayer and God's provision for their lives. We in the United States need to join with them in prayer.

We also participated in a *"One Voice"* event featuring music groups from local ethnic churches and BBC Alumni, **Donald Batubanga** of New Heart Christian Church. Prayer groups were established all over campus. The week culminated in a 3-part Prayer Seminar.

Jackie Cole - Inspiring Others

Inspired and *inspiring* are two words that describe **Jackie Cole**. Whether she is serving as the sophomore class representative and co-leader of the Spiritual Emphasis Committee or off campus as an intern in the Children's Ministry at Foothills Christian Church, Jackie is pouring her life into helping others discover God's calling.

Jackie came to BBC from Columbia Community Church in Richland, WA where BBC alumni **Scott Rainsberry** serves as Children's Minister and who helped inspire her. In her words, *"God placed very important and key people at specific moments in my life who had all attended BBC. So when I met with more and more people from BBC, staff, students, camp reps., etc., I knew this was the place God was calling me to attend. I am so glad that He did."*

Her favorite class so far has been Survey of Bible Doctrine: New Testament taught by **Dr. Derek Voorhees**. She said, *"I learned and was pushed so much as a student by Dr. Voorhees. It was encouraging to be taught by an energized and charismatic professor. He is really good at getting students to participate in the learning process."*

Of her life at BBC she says *"The area I believe I am growing in the most is quiet time with the Lord. Being at a Bible college, it is easy to read your Bible; but it is also easy to lose personal time with the Lord. That is one area I have really had to train myself and develop my own personal time, not just reading the Bible because I am supposed to, but reading it because I want to."*

Please influence students like Jackie to attend BBC and prepare for a life of ministry!
