PRAY FOR THE NEW SCHOOL YEAR!

Classes start August 26, 2013!! Thank you, in advance, for covering this important time of year in prayer. Please be in prayer for our students, the new ones especially, as they come to intentionally prepare for a life of ministry. Pray for our faculty and staff, pray for travel mercies and pray for the finances of BBC. Pray for a strong sense of unity, joy, glory and living among our student body this fall. Pray, as well, for how you will be more involved in the ministry of BBC! Thank you, thank you for praying!

Pray our new staff & faculty! Amber Grove comes to us as **Librarian** after nearly 20 years of teaching in private and public schools, day care management and children's ministry. **Maxine May**, our new **Receptionist**, is returning to the work force after raising a family. **Dawna Lee** has been with us in an adjunct position for a number of years, but is now moving to full time as **Professor of English Grammar and Composition**.

SUMMER STORIES, SUMMER NOT

Our Camp teams are returning to campus with stories to tell of their adventures in ministry to young people this summer. **The highlight was seeing so many passionate teens dedicate their lives to Christ.** Youth from all over the west, even some from Texas and Kansas, accepted the call to follow Jesus and to actively take His Gospel to the world. At camps, the CIY events, and WiNeMa Week of Missions, our students played an active roll in leading others to become disciples who will be disciple makers.

The stories coming from the mission field are exciting as well. **Rebekah Clark** had a wonderful summer sharing Christ in Ukraine. **Grace Johnson** had her first experience in leading a medical team to Haiti. We also had students serving in Uganda, Romania, China, and Papua New Guinea where they put their faith into practice. Their passions grew through sharing life with new friends and demonstrating Christ's love and salvation story.

Curt Nordhielm, Danny Harrod, Russell Grove, Ross Knudsen, Derek Vorhees, Dawna Lee, David Davolt, Mark Stevens and Jim Byerly were active in missions and camps this summer. It was a good summer, a very good summer indeed.
