Kingdom Building at Connect

The BBC campus was invaded earlier this month by 191 middle school students for 20 hours of “Kingdom Building.” Our Admissions team invited them here to issue a challenge ... choose God’s Kingdom or the world’s Kingdom. “Friar Puck” (Professor Russell Grove) told a tale of these two kingdoms. There was good food, a fun Medieval fair, plenty of crazy activities, and time for the youth to process what they were hearing. Groups came from as far away as Western Oregon.

BBC Spiritual Emphasis Week

October 6-10, 2014
“More of Him ... less of me”

Prayers answered in China

Curt Nordhielm (Outreach Coordinator) just returned from a trip to China. A year ago he was part of a team that visited a remote Puyoi (or Bouyei) village. There they had the opportunity to preach the gospel of Jesus to this unreached people group. On this recent trip, he received the news that a group from this village started regular worship services in late September. Curt’s contacts are planning to plant another congregation in a village just outside a large city on the Eastern Chinese coast. Praise God for the work He is doing among the Chinese!

Image of Christ Weekend at Northwest Church

Image of Christ - the BBC traveling worship team - traveled 500 miles over the weekend of October 4 to Northwest Church in Shoreline, Washington. They arrived in time to spend Saturday evening with the youth. On Sunday morning they lead worship for two services and shared with the youth during Sunday School. President Terry Stine preached from II Timothy 2:15 and David Davolt provided a communion meditation. Northwest is a growing congregation that will soon move into a new location. It was exciting to be part of their services and meet some wonderful people. Visit our newly revised website to see where the Image of Christ will be traveling this fall.
SAVE THE DATE!

**Perspective 2014**
November 7th & 21st
High School Juniors and Seniors

**Preview 2015**
April 9-11, 2015
High School Conference

Spring Conference is May 12-14, 2015

Dr. Gary Johnson will speak on the theme “Equipping Christians for Ministry.” He will be joined by his colleagues, Dr. David Roadcup and Dr. James Estep. Together, they started e2: Effective Elders, a ministry responding to the increasing need for equipping leaders in the local congregation. Through speaking engagements, books, and video curriculum, they introduce nine essential skills of leading a congregation. We are planning a series of workshops and discussions especially designed for church leaders. Watch for more details, and save the dates May 12 - 14, 2015 for Spring Conference.
